+ Key Lime Pie           verification: verified
```

A LEAD ARRIVES BEFORE CRM IS INSTALLED

forms recorded it. nothing else happened, because nothing else was listening.

OWNER INSTALLS CRM, THEN ANOTHER LEAD ARRIVES

crm contacts now:

Jill Okonkwo jill@example.com via form:contact
forms was never modified. it does not import crm.

WHAT THE OUTSIDE WORLD STILL BELIEVES

canonical: +1-251-555-0134
google +1-251-555-0100 in sync: false

PUBLIC PROFILE (assembled from installed apps only)

sections: About | Hours | Menu | Get in touch | Contact
menu: ["Mains","Dessert"]

OWNER UNINSTALLS THE MENU APP

sections: About | Hours | Get in touch | Contact
menu rows still on disk: 3 (data retained: true)
re-adding after uninstall: forbidden — not permitted: qr_menu.add_item
